giveSPORTS Gives Hope to a Young Boxer

Alejandro was referred to giveSPORTS through our agency partner, Servicios De La Raza. While working with him, his mentor learned that Alejandro **LOVED** boxing but was not going to be able to participate this year due to the high cost. Immediately his mentor reached out to A Precious Child for assistance. Living with his single mother and grandmother, Alejandro relies on boxing for a positive male influence in his life.

Alejandro's scholarship essay is probably one of the cutest we've seen. He is very concerned about sanitary issues with sharing boxing equipment (as he should be because that's how ring worm gets spread) and he makes a great argument for himself on why he should be awarded the assistance. We were able to not only provide him with a scholarship to participate in boxing but we also provided him with the necessary equipment he needs as well. Alejandro is so excited to participate in boxing thanks to A Precious Child's giveSPORTS program and we are so grateful to be able to help deserving children like him get in the game.
