WHY DOES IT MATTER?

The Precious Pathways program is dedicated to equipping young individuals with experiences to prepare them for the workforce. Our holistic approach includes training in soft skills, practical abilities and industry knowledge. By participating in our program, youth gain valuable insights, refine their skills, and establish a strong foundation for professional achievement.

WHO DO WE SERVE?

Our program targets youth at promise between the ages of 16-24 who are seeking employment along with needing guidance on their next steps for work, school, or trades. We provide a work-based learning experience that paves a path to the workforce readiness.

“ The program helped me a lot with money in that aspect. I've learned a lot from the people there – like how to manage work life and home life balance, as well as how to put myself first. It has helped me grow in a way I never knew I could grow. I am very thankful for being able to have the opportunity to go through the program.
